Profile

A Highly skilled and motivated Software Developer. With over 2+ years of experience designing and developing robust, responsive, and user-centric web applications. Proficient in the MERN stack, which provides a strong foundation for building smooth user experiences and powerful data-driven interfaces. I am passionate about innovation and committed to delivering high-quality software solutions.

Professional Experience

Delta India, Software Developer   11/2023 – present | Pune
- Developed secure and efficient RESTful APIs with Node.js, Express.js, and PHP (Laravel) to handle data interactions.
- Worked with MySQL while developing back-end logic in Laravel, ensuring efficient relational data management.
- Implemented authentication using JWT, OAuth, and Laravel's built-in authentication mechanisms.
- Debugged and resolved critical application issues using Postman, Chrome DevTools, Node.js Debugger, and Laravel's Telescope.
- Refactored existing codebases to improve performance, readability, and scalability in both JavaScript and PHP.
- Integrated third-party APIs, including payment gateways and social login features, into Node.js and Laravel-based applications.
- Actively participated in Agile workflows, contributing to sprint planning, stand-ups, and collaborative code reviews.

Giesecke + Devrient MS India Pvt Ltd,   09/2022 – 11/2023 | Pune
Junior Software Engineer
- Implemented code to meet specific project requirements and deliver robust software solutions.
- Led the development of independent modules, managing integration and unit testing to ensure seamless functionality and stability across the system.
- Utilized Git and Bitbucket for version control, ensuring effective collaboration and efficient management of the codebase across multiple development teams.
- Worked closely with the team to ensure that the OS adhered to strict performance and security requirements, consistently delivering high-quality software.
- Actively participated in code reviews, debugging, and optimization efforts to enhance overall system functionality and performance.
- Contributed to the documentation and ongoing maintenance of the codebase using Confluence, ensuring clear, organized, and well-documented code for future development.

Education

B. Tech - Matoshri Pratishthan's School of Engineering   2022
CGPA: 9.05/10 (First Class with Distinction)

Certificates

- **Diploma in MEAN MERN Stack** - FirstBit Solution, Pune
- **Diploma in Full Stack Java** - FirstBit Solution, Pune

Skills

- **Programming Languages:** HTML5, CSS3, JavaScript, TypeScript, Java, Python
- **Framework:** Angular, ReactJS, Redux, Laravel, NodeJS, Django, NextJS, ExpressJS, Bootstrap,
- **Databases:** MongoDB, MySQL, SQL
- **Version Control Systems:** Git, GitHub, Bitbucket
- **Tools:** Jira, Confluence, Postman, Microsoft Office, Agile, Scrum, Kanban
- **Additional Skills** - Docker & Kubernetes
- **Authentication & Security** – JWT, OAuth

Declaration

Hereby, I declare that all the information given above is correct and true to the best of my knowledge.

abhi.
